U.S. Destroyer In Saigon; Bombed Carrier Patched

Romney Visitor Peaceful Man, Wife Declares

LANSING (AP) — Ingham County Prosecutor Leo Farhat was expected to seek a probate court order today to have Charles P. English held for a psychiatric examination.

English, 37, of Bogota, Colombia, was arrested Friday by state police when he tried to enter Gov. George W. Romney's office in the State Capitol. Police said they found a loaded pistol in English's attache case, and a knife on his person.

Romney laughed off the incident, but briefly interviewed English following the arrest.

Red China Pays Debt To Russia

LONDON (AP) — Communist China says it will be free of all debt to the Soviet Union by the end of next year.

Chen Yi, deputy premier and foreign minister, made the statement in a talk with British correspondents. He said that all other foreign debts would be repaid by 1967 and all internal government debts the following year.

City Is Tense; 8 Americans Hit By Grenade

SAIGON, Viet Nam (AP) — The U.S. Destroyer Lyman K. Swenson arrived in Saigon today for what could be an American show of force following the sinking of the aircraft transport Card in the Saigon River.

A Navy spokesman said the Swenson was on a routine operational visit. Aboard was Capt. C. C. Hartigan Jr., commander of the 7th Fleet's Destroyer Squadron Nine.

The Swenson tied up within sight of the Card, which has been partially refloated since terrorists tore a 28-foot hole in its side with explosives before dawn Saturday.

Russian Rockets Believed Taken Away In Cuba

WASHINGTON (AP) — The belief is current here that the Soviet Union may have pulled its ground-to-air rockets from Cuba, depriving Fidel Castro of the means to blast American planes from the skies over his island.

If true, there is less likelihood that the fiery dispute over surveillance flights will erupt in a clash of arms. A Soviet rocket withdrawal would go a long way toward explaining the Red prime minister's May Day assertion that Cuba is alone in her dispute with the United States.

Castro has conceded that his armed forces cannot shoot down the high-flying American planes without the Soviet rockets. Thus, when he said on May Day that "we will prevent these flights to the limits of what our weapons can do," he may have—in a veiled way—been revealing a new weapons limitation.

Boys Play Near X-Ray Machine

NEW YORK (AP) — The parents of 16 boys kept an anxious eye on the youngsters today for signs they might have suffered ill effects from playing near a radioactive device.

The boys, aged 10 to 14, were rushed to a hospital Sunday after they were spotted playing near an X-ray machine being used to test for flaws in steel beams in construction of the new Metropolitan Opera House.

The examining physician at Roosevelt Hospital said that in cases of radioactive exposure where there is no nausea or external burns, there is no test that could determine whether there was any injury.

He released the boys to their parents, telling them that if the children developed any unusual symptoms they would be removed to the hospital.

The X-ray device, contained in a lead box the size of an overnight case, is used only on Sundays when there are no workers about.

Bricklayers Get \$4.80 Base Pay

DETROIT (AP) — Metropolitan area bricklayers Saturday signed a two-year contract which will bring their base pay to \$4.80 an hour.

Ferguson Johnson, secretary-treasurer of the Bricklayers Metropolitan Area executive committee, said the new pact provides for a 46-cent-an-hour pay hike and a 2 cent increase in holiday pay.

The agreement, with three employers associations, replaces a contract that expired May 1. It affects some 4,000 bricklayers in Wayne, Oakland, Macomb and eastern Monroe counties.

Strike Menaces Dominican Junta

SANTO DOMINGO, Dominican Republic (AP) — A threat to the Dominican Republic's seven-month-old ruling junta appears to be developing from a transport strike which touched off violence in the capital.

Military and civilian leaders held separate conferences examining the situation.

Police failed to halt demonstrations Sunday that accompanied the strike of taxi and bus drivers.

Escalator Jam Kills Girl, 14

BALTIMORE (AP) — Eight girls and three boys, most of them recuperating from surgery, remained hospitalized today while the mayor awaited a report on Saturday's traffic jam on an escalator at Memorial Stadium.

Thirty-five other children were hurt and one killed in the accident before an American League baseball game between the Baltimore Orioles and Cleveland Indians.

At least seven of the children were expected to remain in hospitals for at least a week. All 11 were reported in satisfactory condition.

The crowd at Sunday's game between the same two teams was asked to stand for "A moment of saddened reverence" for Annette Costantini, the 14-year-old girl found dead near the top of the moving stairway.

She was among nearly 20,000 members of the school safety patrols from throughout Maryland who were free guests of the Orioles.

A secured metal barrier at the top of the escalator channeled riders off the moving stairs into a 28-inch wide exit. Witnesses said the children were going up three and four abreast.

Rioting Breaks Out In Austria

VIENNA, Austria (AP) — The Soviet bloc's second riot in three days broke out in Sofia as Communist youths blocked the path of Bulgarian Orthodox churchgoers en route to Easter Mass.

Youth group demonstrations during Prague's May Day celebration Friday turned into battles with Czechoslovak police and resulted in 31 announced arrests.

The official Czech news agency, CTK, confirmed the disturbances in Prague, but Bulgarian government agencies remained silent about the clashes in Sofia.

Reports from Sofia said hundreds of churchgoers had been involved in clashes with both police and Communist youths.

Entrances to Aleksander Nevsky Cathedral in Sofia were blocked by youths shouting atheist slogans. Police closed the cathedral doors to prevent incidents, and the fighting ensued.

Unruly crowds burned tires, smashed bottles and dumped garbage in Santo Domingo streets.

The government declared the drivers' strike illegal, saying it was politically motivated and that the union had failed to give written notice stating the date and reasons for a strike.

Repeated government radio broadcasts warned the public that a 1962 decree of national emergency still was in effect. The decree authorized deportation of any person endangering public order by agitation or subversion.

Military leaders ousted President Juan Bosch Sept. 25, accusing him of being soft toward the Communists. The military then relinquished control to a three-man civilian junta.

Texan Will Ride Bike To The Fair

HOUSTON, Tex. (AP) — Paul R. Kepner, 68, is going to the world's Fair — on his bike.

By sunup Tuesday he plans to be on his way. If Kepner doesn't beat his schedule, he'll complete the trip June 6. That's an average of 100 miles a day, the former college professor said.

Kepner said he's riding his bike to the fair because he likes exercise.

South Soaked By Heavy Rains

ATLANTA, Ga. (AP) — Southerners, drenched with torrential rains which caused flash floods and crop damage, welcomed a promised respite from soggy weather as a storm spawned in the Gulf of Mexico moved out into the Atlantic.

Continuous rains and thunderstorms for almost a week caused small streams to rise over north Florida, southwest Georgia and southern Alabama. The heaviest rains came during the weekend. Nearly six inches fell during a 24-hour period in some areas.

Thunderstorms were accompanied by high winds in the Miami area which caused some property damage and two persons were cut by flying glass when a garage can was blown through a window.

There were 21 traffic fatalities in Georgia during the weekend, and 16 in Alabama. Normally, there are about half that number. Most of the accidents happened on rain-slick highways.

Crop damage was extensive in south Georgia, where spring planting already was delayed by late freezing weather.

About 100 families were removed from flooded houses at Augusta, Ga., where nearly five inches of rain fell in a 12-hour period.

Minor Issues Delay Budget Bills In Lansing

LANSING (AP) — House-Senate disagreement on chiefly minor issues was holding up about \$500 million worth of Gov. George W. Romney's proposed \$621.4 million state budget today.

A special Saturday session of the legislature, however, put through two major administration spending bills. One appropriates \$99.3 million for public welfare and the other \$19.1 million for prisons. Only Romney's signature is needed to make them law.

The welfare measure is about \$200,000 more than Romney's original request and the prisons measure is an equal amount below what the governor had asked.

Salary Boost Included

Among budget bills headed for conference committees to iron out House-Senate difference was the \$32.9 million general government appropriations bill, to which lawmakers have added a provision raising their own salaries.

Others included bills to provide \$11.9 million for regulatory agencies; \$11.8 million for conservation, recreation and agriculture, and \$36.8 million for public safety.

Drastic House changes in a Senate-approved bill to set up state standards for city income taxes appeared likely to force another House-Senate committee conference.

The bill would limit any city income tax to one per cent, and to one-half per cent on nonresidents.

Three Amendments

House amendments would: —Provide that a referendum could be forced by petitions bearing the names of at least 10 per cent of those who voted in the last municipal election before adoption of a city income tax ordinance.

—Extend from 30 to 45 days the amount of time allowed for circulation and filing of the referendum petitions.

—Bar cities which adopt an income tax ordinance from collecting the tax until after it is approved by the voters in a referendum.

In other business, the House rejected a plan for setting up a new State Court of Appeals with nine single-judge districts, and providing for Michigan Supreme Court justices to be elected from districts.

That moved the bill into position for final debate in the same form in which it was approved earlier by the Senate — providing for the Court of Appeals to be elected from three three-judge districts.

Troops Watch Docks

Salvage workers were patching the hole preparatory to pumping out the vessel.

Salvage still was tense and on the alert Monday with patrols checking downtown traffic and troops swarming around the dock area.

No one was seriously injured aboard the Card but eight Americans and a Vietnamese were wounded when another terrorist tossed a handgrenade into their midst in Saigon Saturday night.

Four of the wounded said they wanted to get back to the battle zone as soon as they could.

"It's safer there than here in Saigon," said Lt. Hector Dittamo, 22, of West Paterson, N.J., with a wry smile.

U.S. Ambassador Henry Cabot Lodge had driven along the Saigon Street Saturday night just 10 minutes before a Viet Cong terrorist on a bicycle lobbed the handgrenade into a group of American servicemen.

Pfc. Joseph G. Gustafson, 25, of Bayfield, Wis., said he saw the grenade rolling at them.

"I hollered 'Watch it' and started to run. There was a tremendous bang. I kept running. I didn't realize I'd been hit until I looked down and there was blood all over me."

"It exploded two feet away from me. I guess it's a miracle I'm still alive," said Spec. 4 John Arnett, 19, of Louisville, Ky.

Staff Sgt. Ireneo Mayo of the Philippines said he had just crossed the street and had stopped to light a cigarette when, "Boom, the first thing I knew I was on the ground."

Chance For Propaganda

The four men were attached to a helicopter company at Soc Trang, in the Communist-infested Mekong delta. They were on their first weekend leave in Saigon.

In all, eight Americans were wounded in the terrorist attack.

The four still hospitalized suffered multiple shrapnel wounds but were reported in good condition.

Saigon has had hundreds of terrorist attacks in the past 10 years. The Communists are expected to step up such attacks during May, which contains several Communist and Vietnamese holidays.

Viet Cong propaganda was expected to exploit the disabling of the U.S. aircraft ferry ship Card as a David and Goliath victory against the United States.

Seven States Hold Primary Vote Tuesday

WASHINGTON (AP) — Seven primary elections Tuesday touch off one of the most active pre-convention weeks of the political season.

Voters in Indiana, Ohio, Oklahoma, Alabama, Florida, New Mexico and the District of Columbia and state conventions in Delaware, Michigan, Alaska, Nevada and Wyoming will:

—Express a preference for a presidential nominee.

—Choose 139 Republican and 202 Democratic delegates to their party nominating conventions.

—Nominate candidates for two governors' mansions, four Senate seats and 63 House seats.

—Decide other issues ranging from unpledged presidential electors to a right-to-work labor law.

Spotlight On Indiana

Most of the attention will be on Indiana, where Gov. George C. Wallace of Alabama makes another bid for Northern votes in his campaign against the Johnson administration's civil rights bill. He is opposed in the Democratic presidential preference primary by Indiana Gov. Matthew E. Welsh, a stand-in for President Johnson, and three other candidates. The winner can lay claim to 51 first-ballot votes.

On the Republican side Sen. Barry Goldwater of Arizona is the odds-on favorite to top a field of four which includes Harold E. Stassen of Philadelphia and two lesser-known candidates. The winner gets Indiana's 32-first-ballot votes at the Republican National Convention.

Delegates to both conventions will be chosen next month.

Also at stake in Indiana are nominations for 11 House seats. Five incumbents have primary opposition, five don't. Rep. Donald C. Bruce is quitting to seek the Republican Senate nomination at the state convention next month.

In other key elections Tuesday, Ohio's Rep. Robert Taft Jr., son of the late Sen. Robert A. Taft, seeks the Republican Senate nomination and former football coach Bud Wilkinson makes his political debut in Oklahoma's Senate Republican nomination race.

Goldwater Gains

The 139 GOP convention delegates to be chosen this week will push the number selected to 652 — almost half of the 1,308 authorized. It will take 655 to nominate a candidate.

Goldwater, leading with 209 of the 513 chosen according to an Associated Press survey, could pick up more support at the Delaware convention Tuesday and at Republican gatherings in Michigan and Wyoming Friday and Saturday.

Delegates to both conventions also will be chosen in the Ohio and District of Columbia primaries. Democratic delegates will be selected in the Alabama primary and at conventions in Alaska, Nevada and Wyoming.

Goldwater won a thumping endorsement in a relatively light turnout of Texas Republicans

Car Accidents Take 20 Lives

By The Associated Press

Twenty persons died in highway accidents in Michigan during the weekend. The death toll, one of the highest of 1964, was just three less than this year's record of 23 weekend traffic deaths.

The tabulation of weekend fatalities was kept by the Associated Press from 6 p.m. Friday until midnight Sunday.

John Isaacson, 72, of Dollar Bay, was struck and killed by a car Sunday on M 26 in Houghton County.

Earl Robinson, 55, of Skandia, was killed Friday when his car crossed the center line of M 35 in Marquette County and struck an oncoming vehicle, police said.

Senate Leader Sent To Cyprus

WASHINGTON (AP) — President Johnson is sending chairman J.W. Fulbright of the Senate Foreign Relations Committee to Greece and Turkey to demonstrate this government's concern with the Cyprus situation.

Fulbright long had planned a trip to Europe, but Athens and Ankara were not added to his itinerary until he called Sunday at the White House for a discussion with Johnson.

Afterward the White House announced that the President had asked Fulbright to "express to the Greek and Turkish governments the continuing interest and concern of both the President and Congress with the disturbing situation on Cyprus."

The announcement said that the Arkansas Democrat will not carry any suggestion regarding the ultimate settlement of the Cyprus question because this "must await the proposals of the U.N. mediator."

Rather, the White House said, Fulbright "will convey the sense of urgency felt in the United States regarding the need for the restoration of order on the island, and will report to the President his impressions as to the views of the Greek and Turkish governments."

The Cyprus problem is in the hands of the United Nations.

Counties Need More Money, Not Home Rule

MARQUETTE — Home rule for counties, sought in three legislative measures during the 1964 session of the Legislature, wouldn't be needed if more money were available for county government operations.

That's the opinion of William F. Dennison, Lansing, secretary of the Michigan Association of Supervisors, who addressed Upper Peninsula supervisors at their spring session in the Hotel Northland Saturday afternoon.

He was one of a large number of speakers at the U. P. district session, during which supervisors heard talks on tourism, conservation and forestry.

Need More Money

Describing home rule for counties as nothing more nor less than city-like government on a different level, Dennison expressed belief that, since most legislation is a compromise, "We won't get home rule for counties until groups with different views sit down and compromise."

Three different bills prepared by three different groups were introduced in the 1964 Legislature, he said, "and when we got through, we had nothing." He voiced doubt that "we will get it next year," adding:

"In my opinion, if you give a county two or three more mills (of taxation) they'll be satisfied and won't need home rule. Generally, the thing you're talking about is more money — not home rule."

But he warned that there are other problems, that "changes are coming in county governments," hinting that the day when the number of supervisors making up a county board will be reduced (he hinted at five members as a possible number) isn't far distant.

Top Equality

Dennison touched on many subjects. Among other things, he said:

"I'm getting a little fed up on policy made by bureaus and

commissions — and not by law." (He didn't elaborate on that, but some supervisors were of opinion he was referring to the State Highway Department's sign-removal policy, which had been mentioned by a couple of other speakers).

"Some of us have done a very poor job of assessing," (He urged supervisors to "put your assessing house in order" and warned that by 1968 every county will have an equalization department).

"We ought to abolish annual township meetings" at which, he said, taxpayers come in and "clobber" the very people they elected to run township affairs.

Police Trace Whisky Thefts

MANISTIQUE — A police investigation of a minor breaking and entering Saturday night has solved more important cases of vandalism and indicated a source where juveniles are obtaining liquor.

Paul Sablack of River St. reported two six packs of beer had been taken from his home by someone breaking a back door. He also said that on April 2 a quantity of whisky had been taken from his home in a similar breaking and entering. A total of eight fifths of whisky were involved in the April 2 break-in.

Police investigation has learned that one 17-year-old and two juveniles are definitely involved and two more juveniles are suspected.

In statements the youths have told officers that some of them started a tractor at a sale lot on River St. on April 30 and it went across the street and they didn't know how to stop it. They also said that three of them broke a series of street lights in Manistique by throwing stones.

On the night of April 2, they said, a group of four of them drank three bottles of whisky. One that night police had arrested one youth for drunk driving and had been unable to learn the source of where he obtained his liquor. Also that same night one had been arrested for reckless driving and one for being drunk.

Both the Sheriff's Department and City and State Police are working on the case.

U.P. Bankers To Meet Here

More than 200 bankers from

all banks in Michigan's Upper Peninsula are expected to converge on Escanaba Friday and Saturday, May 15 and 16, when the Michigan Bankers Association holds its Group One meeting at the House of Ludington.

The traditional smorgasbord will be served Friday evening with the business end of the conference getting under way Saturday morning. Fred H. Hahne, chairman of Group One and president of the First National Bank of Manistique, will be the presiding officer.

On the list of speakers who will address the meeting are George Whyel, President of the Michigan Bankers Association; Frederick L. Deming, President of the Federal Reserve Bank of Minneapolis; and Dr. Roy Steinheimer, Jr., of the University of Michigan's Law School.

The banquet speaker Saturday evening will be Herbert Corey, president of the Bank of Stephenson and immediate past president of the Michigan Bankers Association. Corey will give highlights of his recent trip to Russia and will compare Russian standards of living to those in the United States.

Bands Rated High At Meet

The Escanaba Area High School Concert Band was commended by judges at the Upper Peninsula Band Festival held at Gwinn on Saturday, winning a Division 1 rating in every event, and a Division 1 plus in the sight reading section.

These were the highest ratings ever accorded the Escanaba High School Concert Band, said Director John Chown.

The judges rated the band highly for its sensitivity and intellectual process. "Congratulations and my admiration," another judge noted.

The adjudicators were Dr. Earl Sharr, Northern Michigan University; Fred Schroeder, Lawrence Conservatory of Music; and Gerald Mattern, St. Norbert's College.

The Escanaba High School Varsity band of freshmen and sophomores entered the festival for the first time and received a Division 2 rating in the concert events and Division 1 in the sight reading section.

Fourteen members of the Concert Band were chosen for the U. P. Select Band. Accompanying the students to Gwinn were Chown, Conrad Beck, David Laakso, Beverly Moraco, Clara Embs and interested parents, Mrs. Frank Bender, Jr., Mrs. Chet Marrier and Mrs. Carlton Olson.

The Junior High and Senior High Concert Band will be featured in a Spring Concert Thursday night at Wm. Oliver Auditorium beginning at 7:30. Dr. Lucian Challet will be guest conductor and guest saxophone and clarinet soloist will be Searl Pickett.

There will be an admission for the benefit of the music scholarship fund.

Barbara Swaer Award Winner

Barbara Lou Swaer, daughter of Mr. and Mrs. Clarence Swaer, Garden, has been named winner of an Alvin M. Bentley Foundation Scholarship in Bay de Noc Community College for the academic year of 1964-65.

Valedictorian of her class at Garden High School, Miss Swaer's Bentley Foundation Scholarship will amount to \$750 and is one of the major awards presented to 54 Michigan Colleges and Universities by the Foundation this year.

"Young people of the caliber of Miss Swaer should be encouraged to advance their education to meet the challenge of tomorrow's leadership," Alvin M. Bentley of Owosso said in making the announcement of the award. "The Foundation, which Mrs. Bentley and I set up three years ago, could do no better than to recognize Miss Swaer's past record with an investment in her future."

Students graduating this year from Michigan High Schools applied for the scholarships at the 54 Michigan institutions receiving the grants. Selection of the winners were made by the scholarship committee of the colleges and universities.

The Bentley Foundation is currently contributing \$75,000 for scholarships for the academic year 1963-64. Its commitments for the next school year will bring the total contributions to nearly \$200,000 for the three years the Foundation has been in operation.

Trustees of the Foundation determine each year which Michigan institution will benefit from the program of the Foundation, which is to "administer funds for science, education and charitable projects." The institution itself determines who will receive the individual scholarships which may amount up to a maximum of \$750.

Power Cut Off; Surgery Lighted By Fire Engine

MALIBU, Calif. (AP)—While a fire engine generated power for lights in a hospital operating room, doctors performed surgery on a victim of the traffic accident which had knocked out the lights.

Firemen rushed to Malibu Emergency Hospital Sunday after a collision sent a car into a power pole, cutting off the hospital's electricity.

Doctors used emergency lighting to treat face injuries suffered by Mark Salkin, 15, of Studio City.

Fire Warden Retires At 82

Jacob Landis Sr., 82 of Isabella has retired as a fire warden for the U. S. Forest Service after 41 years employment, first as a "key man" and then as warden the past 12 years. Landis, whose father came to this country from Switzerland 90 years ago, was born and reared in the Isabella area, just a short way from his home. As warden, he worked through the Cooks tower. He has farmed throughout his life, keeping 35-40 head of cattle.

In the past two years he cut down — now keeps 12 cows, and a total of 20 including young stock. He built the house and barn on his farm, which now has four forties, with 60 acres tilled. At one time he had eight forties and saw "some beautiful pine" cut in the area south from him, some more than four feet at the butt, during land clearing days in the Isabella area. Landis says he cleared much of the land on which his farm is located.

He has three children, Jacob Jr. at Isabella, Roy at Cooks and Mrs. Toivo (Betty) Pippo of Chicago. He married the first time at age 41, and was a widower eight years before his second marriage seven years ago.

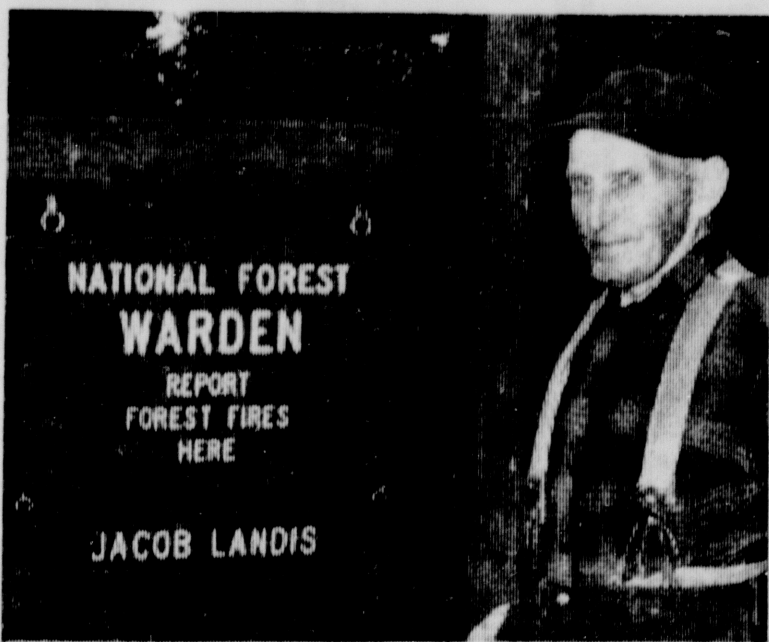

Mrs. Landis has a daughter, Mrs. Richard (Lorraine) Peterson of Ensign. He has seven grandchildren and she has nine.

Tiger Stolen

ATLANTA, Ga. (AP)—Police are looking for a "tigernaper." A nine-week-old tiger cub was stolen from the Grant Park Zoo in Atlanta over the weekend. Zoo Superintendent Johnny Dilbeck fears it will die from pneumonia or lack of proper feeding.

A sister to the bottle-fed cub was left behind.

An entirely new species of primitive human being, believed to be the direct ancestor of modern man, has been discovered in East Africa.

Accident Kills A. MacDonald

MANISTIQUE — A. A. MacDonald, 52, of 9120 Lockwood St., Skokie, Ill., a former Germfask resident, was instantly killed in an accident on U.S. 21 and 22 in North Chicago Saturday at 6 p.m.

MacDonald was a sales representative for the Globe Union Co. and was enroute from Milwaukee to Chicago. He was born in Germfask and lived in the Blaney Park area. He served with the military forces in World War II and saw duty in the south Pacific.

His wife, the former Carol Broullire of Iron Mountain, died one year ago. He is survived by a son, Ronnie of Milwaukee, two brothers, Angus in Blaney Park and James in East Lansing.

Funeral services will be held 10 a.m. Wednesday from St. Theresa Church in Milwaukee. Attending the services will be Robert Broullire of Manistique, a brother-in-law.

Mr. MacDonald was a frequent visitor in the Manistique area. He was a captain in the police reserve in Evanston, Ill., and belonged to the Optimists Club.

Hope To Meet Blood Quota

The Badger Blood Bank procurement clinic starting in Gladstone on Tuesday and moving to Escanaba on Wednesday and Thursday is 113 pints short of its goal, even if all of the donors now signed-up keep their appointments.

Those with appointments for Gladstone total 75, and for Escanaba 95 on Wednesday and 62 on Thursday. This makes a total of 232 — and the quota for the three days is 365.

Mrs. Edward Olsen, Red Cross blood program chairman, said that while the signed number is larger than ahead of any previous clinic, it is still essential to have additional appointments, plus the usual number of walk-ins.

Appointments can be made by calling ST 6-3214 at any time or the Red Cross office mornings, ST 6-5371.

One of the area's busiest blood recruiters is Fred Gasparick of Bark River, reports Mrs. Olsen. Gasparick has signed up a total of 30 donors.

Industry has been most cooperative in encouraging its employees to give to the blood bank. The Escanaba & Lake Superior Railroad in the current blood campaign has 30 per cent of its workers signed — and of the group two will be rewarded by their employer with one day vacations.

Service clubs of the county have been encouraged to support the blood drive and Mrs. Olsen said she is hopeful the result will be beneficial.

No Prohibition Party On Ballot

KALAMAZOO (AP)—For the first time in 52 years, the Prohibition Party will not appear on Michigan's general elections ballot in November.

The party's petitions to get on the ballot were 14,900 signatures short, with only 12,500 signatures collected by Saturday's filing deadline, said D. D. Gibbons of Kalamazoo, executive national chairman.

JOYCE MARIE MOYLE, 19, daughter of Mr. and Mrs. David Moyle, 225 S. 24th St., will compete as one of ten finalists in the Miss Delta County Contest on Saturday, May 9. Miss Moyle is interested in music and will play the saxophone for the talent competition. She graduated from Escanaba Senior High School in 1962 and from the Beauty School of Cosmetology. She is a member of Alpha Sigma Chi and enjoys, fishing, bowling, dancing and baseball. Joyce has dark brown hair, blue eyes and is five feet one inch tall and weighs 109 pounds. (Portrait By Lee's)

First Methodist Spring Tea Is Successful Affair

The Woman's Society of the First Methodist Church held its Spring Tea Saturday, May 2 at the church.

The program opened with a welcome from the Society president, Mrs. Donald Ness. Dramatic dialogues "Dearest Dad", given by Alice Dubord and "Angel Wings", by Rosalie Breault were beautifully given.

The Bell Ringers from the Moravian Church in Daggett were well received. Among their numbers were "Cradle Song", "Largo", "Nearer My God to Thee", "Westminster

Chimes", "Devotion".

After the program, the guests enjoyed the display of antiques in the church library. Each piece had a short history with it.

The tea table was covered with orchid and lace with an eight tapered centerpiece surrounded by little crystal bells. Pouring at the tea were Mrs. Donald Ness and Mrs. Harvey Germanson. The guests were seated at individual card tables with antique centerpiece.

Committee chairmen were: program, Mrs. Ralph Anderson; tea, Mrs. Charles Hammar; Mrs. Floyd Bryers; antiques, Mrs. Ed Edick, Mrs. C. B. Dunathan.

Delta Queen To Get Three Grants For College Work

Miss Delta County this year, to be selected Saturday, May 9 at the William Bonifas Memorial Auditorium at 8 p.m. will receive three college scholarships to be used this fall.

The new queen will be awarded the Young Business Men's Scholarship worth \$200; Bay de Noc Community College Scholarship for \$100, given by August Janke of Ely's Potato Chip Co. and a Patron Scholarship for \$100. The Young Business Men's and Patron Scholarships are general and may be used at any college.

The scholarships are an important benefit given to the girl selected as Miss Delta County.

The contest is sponsored annually by the Escanaba Jaycees. Robert Anderson is chairman for the event and Gordon H. Flath is director for the revue, this year entitled "You Stepped Out Of A Dream."

Candidates in the contest are: Linda Bittner, Camille Chase, Geraldine LaFleur, Delores Malnor, Joyce Moyle, Marlene Nelsen, Mary Ann Schleicher, Joyce Shepherd, Sue Virgo and Mary Wahl.

Tickets for the pageant are still available and may be purchased at Gust Asps, Ernie's Party Store, Delta Music Center, Anderson-Bloom, Gartner's, Nelson's Cash Store, Dehlin Drug Store in Gladstone and Adam's Grocery in Bark River or from any Jaycee member.

William Juneau Of Wilson Dies

William Juneau, 85, of Wilson, well known North Menominee County resident, died at 4 p.m. Saturday at Pinecrest Medicare Facility, Powers, where he had been a patient one year.

He was born Feb. 10, 1879, in Oconto and moved to Wilson with his parents in 1890. During his active years he was a woods operator throughout the Upper Peninsula.

He was a member of St. Francis Xavier Church in Spalding and of the Holy Name Society.

Surviving are two daughters, Mrs. Wilfred (Ruby) Poquette, Spalding, and Mrs. Wilbert (Alda) Nault, Wilson, two sons, Bert of Iron Mountain and Arthur, Hermansville, two sisters, Mrs. Clara Webster, Milwaukee, and Mrs. Arthur Dupey, Escanaba, two brothers, Jesse, Iron River, and Albert, Rapid River. Eleven grandchildren and 29 great grandchildren also survive.

The body was taken to the Boyle Funeral Home in Bark River where friends may call after 2 p.m. Tuesday. The parish rosary will be recited there at 8 p.m. Services will be held Wednesday at 9:30 a.m. at St. Francis Xavier Church with Father Walter Franczek officiating. Burial will be in Spalding Cemetery.

Why all the red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things... like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.

Brushoff By De Gaulle

By DON OAKLEY

Apparently proceeding on the theory that as long as there is no war, France can defend herself alone, President De Gaulle has taken another step in separating his country from the North Atlantic Treaty Organization.

The recently announced withdrawal of naval officers from headquarters units of the alliance is but a continuation of DeGaulle's policies that began when he took office in 1959.

French ships in the NATO Mediterranean and Atlantic fleets have already pulled out. French withdrawal from the English Channel fleet is expected next. After that may come removal of France's two army divisions in West Germany from Allied control.

According to De Gaulle, a multinational Western defense, under an integrated command, is an obsolete concept. It is generally understood, however, that if a general war were threatened, France would resume cooperation with NATO.

One begins to wonder if French logic is as impeccable as Frenchmen would like the world to believe.

In the meantime, De Gaulle goes ahead with the building of his "force de frappe"—the independent nuclear force—which it is estimated will cost \$8 billion by 1972.

This involves the expenditures of \$1 billion for a gaseous diffusion plant in France, millions more for the construction of a hydrogen warhead testing station in the South Pacific, more millions for the development of rockets and other equipment.

By 1970, France hopes to have a few Polaris-type submarines, together with a variety of land-based, nuclear-armed missiles.

France currently spends 7 per cent of its gross national product on defense, compared to the 10.5 per cent spent by the United States.

While most Frenchmen agree that they have never had it better than under De Gaulle and are grateful to the man who has brought economic and political stability to the country—if only for a while—grumbling is increasing about unsatisfactory domestic needs, such as housing, hospitals and schools.

Whether French disenchantment with their return to "grandeur" will grow strong enough to have a slowing effect on DeGaulle's policies remains to be seen.

From the standpoint of his erstwhile allies, De Gaulle's withdrawal into splendid isolation appears a costly and futile attempt to unwrite history.

It is as if France's very existence as a nation had not been made possible, twice in a lifetime, by the sacrifices of her allies. It is as if all of America's efforts and expenditures since World War II in developing a global shield against communism had never been made.

Of course, it is only because these things did happen that DeGaulle can act as he does today.

The Doctor Says:

Big Ears Can Be Corrected

By Dr. Wayne G. Brandstadt

If your child has ever been called "Floppy Ears" or "Jug-head" because his ears stick out at right angles, you will appreciate what a psychological problem this condition can be. It is all very well to point out that this is a normal variation but this does not lessen the teasing to which your boy may be exposed. The situation may not be so acute with a girl because her hair can be used as an effective cover.

One bright boy of 14 I knew was falling behind in his school work until this defect was corrected by a very simple operation. His whole outlook on life was so much better after the operation that his parents wondered why they had not had it done sooner.

Q—We lost a grandchild with cystic hygroma. He was operated on for it at 9 months and got an infection. He could not take sulfa drugs or penicillin because he was allergic to them. What can you tell me about this condition?

A—Cystic hygroma is a developmental defect usually discovered after birth. It is a nonmalignant tumor of the lymph vessels and is found most commonly in the neck. It tends to grow progressively larger. When such a tumor is

recognized it should be completely removed as soon as possible to prevent both infection and the pressing of the tumor on the windpipe. These tumors become infected very easily. In a child allergic to antibiotics, the infection would be very hard to control.

Q—My son, whose IQ is high, has always been tense during examinations and this has pulled his grades down. Is there any safe sedative that will help his examination jitters?

A—Many tranquilizers (available only on a doctor's prescription) are manufactured and used. The chief trouble with using them before an examination is that they slow up the mental processes. Were your son to take one of them before an exam he might assume an attitude of "couldn't care less." The best preparation for any exam is thorough grounding in the subject so that cramming just before the exam is not necessary.

"Maybe He'll Drop One Before November"

Washington Comment

WASHINGTON — (NEA) — The strategy forces of Arizona Sen. Barry Goldwater are beginning to push hard to achieve new momentum which might carry him to first-ballot nomination at San Francisco in July.

Fresh signs of forward motion are needed to offset an expected defeat in the May 15 Oregon primary, recent low scores in national polls, the comparatively modest 512,000-vote total in the Illinois primary.

Spot checks around the nation indicate that the senator's efforts to force the pace may bear important fruit. There are also indications that some of this pressure may generate damaging reactions.

Tennessee is a key item in the new drive. Goldwater men are putting every ounce of steam into a heightened bid for

all 28 delegates. With the senator's "sell TVA" statement ranking in many politicians' bosoms, the outlook for months has been 18 at the most.

District conventions in Tennessee have been yielding just about the expected results. But Goldwater's strategists are now pressing for a dramatic commitment at the May 2 state convention which would largely wrap up the whole bundle.

Sources in Tennessee report a "swing back to Barry," which suggests a better-than-even chance this strategy may work.

All along, independent appraisers have conjectured that Goldwater would fall about 30 votes short of capturing the 11-state South's convention total of 279. If Goldwater can successfully force the issue in Tennessee May 2, he can close one third of that small but significant gap.

Early reports from city and county conventions indicate similar pressures may be at work in Virginia, where another sizable Goldwater loss has been in prospect. The state's 30 delegates will be named in a convention June 13.

But the new head of steam is being felt well beyond the South. Tension has been high in recent delegate battles in Kansas and Iowa as Goldwater leaders turned their levers for maximum effect.

After the dust settled in Kansas, Goldwater appeared to have gained a fighting chance to win a bare majority of the state's 20 delegates, whereas earlier it seemed he might fall as low as eight. Yet the outcome still has to be regarded as somewhat fuzzy.

The Goldwater vs. anti-Goldwater fight in Kansas, curiously entangled with purely state issues and personalities, stirred bitter resentments.

The delegate-choosing preliminaries in Iowa, with 24 votes at stake, were even more painful. Angry Goldwater backers in some sectors threatened non-cooperation with the party organization. Moderates were annoyed when William Knowland, Goldwater's California chief, came into Iowa exhorting all to "get on the bandwagon."

The net of all this is that Goldwater, despite reverses and erosions, is keeping his actual and potential convention delegate total somewhere above 500 out of the 655 needed to nominate. This leaves out of account many "leaners" who could be his if the game clearly is going his way.

The goal of the new hard-push strategy, obviously, is to boost the Goldwater potential enough so that a confidently hoped-for victory over New York Gov. Nelson Rockefeller in the 86-vote California primary would put the senator on the edge of triumph and thus attract all the leaners — and more.

But the present maneuvering is not without its price. Hostile reactions have already been noted. In some quarters the strategy is viewed as evidence of real fear in the Goldwater camp. More than a few state leaders say they think substantial parts of the senator's delegate potential are at the break-away point. They consider his totals deceptive.

Realists nevertheless argue that the big numbers are still with Barry. And if the new pressures can add materially to them, he could conceivably go over the top a month before convention time. Yet the test of the stepped-up effort still lies ahead.

Smallest Church Built Up With Broken China

By THOMAS A. REEDY

ST. PETER PORT, Isle of Guernsey (AP) — This is no place to talk about the awe-some size of Notre Dame nor the cathedrals in Milan and Cologne stretching their Gothic fingers into the sky.

Here they have a church that will accommodate one priest and a congregation of two.

An extra acolyte is an inconvenience.

It's the smallest church in the world.

By name, it is "Le Chapel"—Les Voux Belets—and it's good walking distance into the countryside on a nice day.

People do walk it. Those of medium size stare over the top of the chapel. They have to stoop to enter.

A "poor box" receives their coins.

No one seems to be in charge.

There are no "chapel" pamphlets for the tourists who flock to flowered Guernsey in the English Channel. Indeed the tourist would have to hunt for it.

This may be a local mistake but the Guernseyvite is too troubled about that. He's satisfied by and large to accept it as a mere wonder.

Chapel On Farm

The chapel stands on the property of a farm held for generations by the Christian Brothers of the order of De La Salle.

Once they were powerful here. Now they struggle with

a farm and a run-down former school which suffers from lack of money. But they refuse to turn the chapel into a money-maker as a tourist attraction.

"We'll never do that," said Brother Christianian, 51, head of the order.

"We simply could not permit it. To charge admission would be like expecting someone to pay for attendance at mass."

"We could easily teach and train 200 students here and I am hoping we'll find a way to do it but that is not the way."

Broken China

Meantime, Brother Christianian presides over the cow stables and a ramshackle building which contains a cellar full of broken china.

"We have enough for another chapel," he said with a large grin.

Broken china? That's how the chapel came into being.

Back in 1913 the order received Brother Deodat in its midst and he dutifully took up his job as a monk.

After a short while he beseeched the abbot to build a chapel.

The abbot said no but finally gave in and told Deodat he would have to do it without any help whatsoever.

Illustrating a rare under-

standing of family life, Brother Deodat circulated through St. Peter Port in search of broken dishes. He found what everyone knows, there always are plenty of those.

Then he added sea shells. Putting the two together with a bit of mortar, cement, and honest sweat he built the chapel and it took him only 30 years to do it.

Modelled After Lourdes

The good friar got an idea enroute that his chapel ought to have some pretensions so he modelled it after Lourdes. In fact now, in a Lilliputian kind of way, it resembles the Lourdes Chapel of Miracles.

Now the chapel stands out in a riot of flowery color like an Easter bonnet. It is mostly blue, thanks to the sea shells and the broken crockery, a lot of which is the traditional blue English Wedgwood.

By the time Brother Deodat had completed his mission, he had so many sources for busted china that the monastery got a little nervous about it.

"You have no idea," said Brother Christianian. "Do you realize, we are still getting broken china? We've got a cellar full of it. I don't really know what to do with it."

Why not build another chapel?

"No one here to do it now," he commented.

Brother Christianian broke off to give a few instructions to the boys handling the herd of Guernsey cows. He kicked the mud off his boots, straightened his beret and apologized for "not being in uniform."

With a final flick of his hand toward the chapel, he bid adieu.

Monickers Irk Fan Of Column

Ann, Honey: We read your great little column every day, Doll, and we believe your advice is generally sound, often helpful, and sometimes, Cupcake, it is downright hilarious. However, Toots, your adorable little cutesy-wootsy names for those who write to you are a bit much.

So, Babe, will you kindly cut out the chummy little handles? The Buddy-Boy approach to a person who may be twice your age detracts from your otherwise sensible writing—and you should know it, Sweetie.

We sincerely hope you will accept this criticism in the spirit of friendship, since this is the way it is intended, Buttercup.—SUGAR AND SPICE

Dear S and S: Thanks. I'll watch it, Lambie Pie.

Dear Ann Landers: Can you settle an argument I have been having with my wife?

She has asked me to hand over the names of the manufacturers with whom I do business. (I am the purchasing agent of a fairly large company.) She wants to write letters to these suppliers asking for donations to her pet charity—which, by the way, is a worthy one.

I feel that these solicitations would be improper. She claims all the other wives do it, and if she doesn't get money out of these manufacturers for her charity, some other wives will get it for their charity.

What is your opinion?—CHICAGO V.P.

Dear Veep: Your wife is going to hate me, but I agree with you. Her letter would add up to blackmail. She knows very well that a supplier is not likely to ignore a request from the wife of a purchasing agent—and that's precisely why she wants the list.

Such requests could backfire and cost you plenty. Example: What if a supplier handed over a nice fat check to your wife's charity and later you discovered that this supplier's merchandise was inferior or that

his prices were out of line? You'd find yourself in a nice box.

Don't allow her to put you under obligation to your suppliers because she wants to make a dazzling showing as a \$\$ raiser.

Dear Ann Landers: Now that summer is almost here and the children are running in and out of the house, it is impossible to keep the doors locked. Will you please say something in your column about friends, neighbors and relatives who walk right in?

I have been scared out of my wits by neighbors who appear from nowhere and tap me on the shoulder while I am making a bed or vacuuming a rug. One woman actually goes from room to room looking for me. Yesterday she opened the bathroom door and I was in the tub.

There are times when I hear people knock and I don't want to be bothered, so I pretend not to hear. They walk right in and shout, "Yoo hoo. I know you're home because the door is open."

Please tell me what to do. I am hog-tied.—OPEN SESAME

Dear Open: Keep your door locked. Instruct your children to knock or ring the bell in a special way so you'll know who it is. You can then ignore all other knocks and bell-ringing if you wish to.

An open door is an invitation to something far more serious than a brassy neighbor. Use your head, Lady.

Quick, Henry, WAIT!

Pesticides are a boon to man and have saved thousands of lives and prevented millions of illnesses, says the Agriculture Department. But they are also dangerous if used indiscriminately. Improper spraying has brought death to fish, birds, wildlife and people. In case of accidental contact with pest-killing poison, the skin should be washed immediately with soap and water. Eyes hit by spray require flushing with water for 15 minutes. If poison is taken internally, use the antidotes listed on the container. And call a doctor.

Read Label, Follow Directions

Pesticides are made to kill specific weeds and insects. Use the right one in the prescribed quantity.

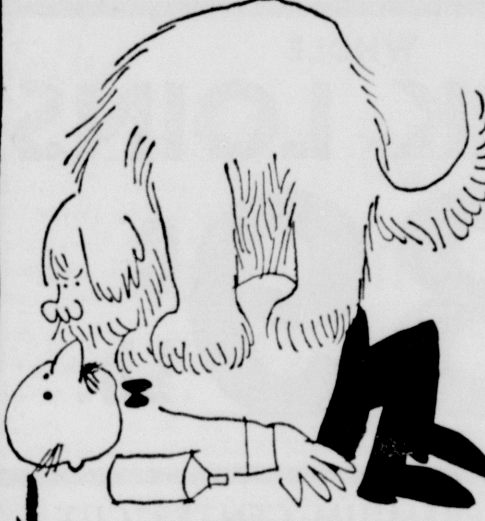

Use Spray Properly

Don't spray aimlessly. Only those plants affected by parasites should be sprayed. Be careful. Lawn and flowers could be damaged.

Wear Gloves, Protect Hands

Your hands are not tough enough to withstand the poisonous assault of a pesticide. Protect them. And remove sprayed clothing immediately.

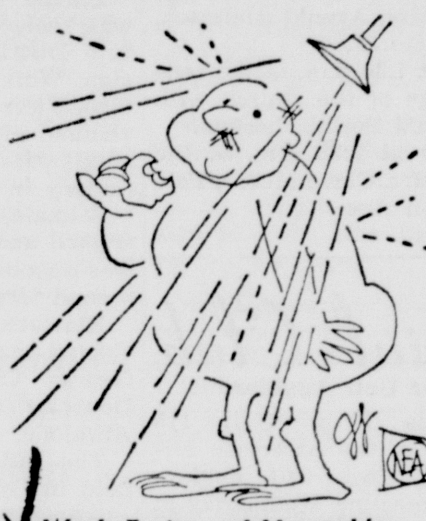

Don't Spray When Pets Are Loose

Cats and dogs may be affected—sometimes fatally—by pesticides. Keep pets indoors when you spray.

Keep Pesticides From Children

Children can get their hands into anything—including pesticides. Keep your weed-killers in locked cabinets.

Wash Fruits and Vegetables

Even though most fruits and vegetables are free of poisonous residue, you should wash them thoroughly before eating.

More people get more news from newspapers than from all other sources combined.

Purple Thread Builds Library

CLARKSBURG, Calif. (AP)—Historians report that the citizens of the Roman Empire used a purple thread in their tunics to denote quality and distinction. The northern California town of Clarksburg on the Sacramento River is far removed in time and geography from that era, but the "Purple Thread" lives on.

It's the name of a shop owned and operated by the 400 people of the community, to raise money for a library.

About three years ago a number of townspeople decided they wanted more reading matter than the bookmobile could offer.

As one resident described the bookmobile: "It's like a quick lunch counter—you just grab something and run."

A rummage shop was decided upon to raise the funds for a permanent library.

No suitable building was available, but Gus Olson offered a vacant farmhouse he owned as a donation. Another library-conscious community member, Mrs. Norman Lawlor, donated the use of a lot next to the town's post office.

Commercial movers wanted a prohibitive \$1,000 to transport the house to the lot. This problem was solved when Mrs. Fred Heringer, wife of the president of the California Farm Bureau Federation, talked her husband into tackling the job.

He accomplished it, but says it's the last house he'll ever move.

On June 8, 1962, the Purple

Thread had its grand opening.

The key to the project was cooperation in donating good quality clothing and other discarded. But the town discovered a psychological barrier.

Many residents attached a stigma to used clothing.

Mrs. Heringer made a point of wearing buys from the Purple Thread as part of her around-town wardrobe. Others noticed the "nearly new" bargains and fell in line.

The Purple Thread has thus earned approximately \$18,000. Cost of the library is estimated at \$38,000. Projecting that financial success, spokesmen for the project say they hope to break ground for the library this spring or summer.

Deepest Well Is City Asset

GREENSBURG, Kan. (AP)—This southwestern Kansas town has written a success story in the tourist business with a water well that didn't even accomplish its original purpose.

Back in 1887-89 the Santa Fe Railroad dug the well to supply water for its trains. The well, 109 feet deep and 32 feet in diameter, was cased with native stone quarried along the Medicine River, 12 miles south.

But the Rock Island Railroad won the race with Santa Fe to reach Greensburg so Santa Fe stopped at the county line. Until 1932 the well was used to supply water for household and commercial purposes.

A few years back Greensburg began promoting the site as "The Largest Hand-Dug Well in the World." Last year it attracted 100,000 visitors who left U. S. Highway 54 to peer over the rim at a pool of wa-

ter 84 feet below. The U. S. Department of Commerce, in a booklet titled "Your Community Can Profit From the Tourist Business," says this: "One community in Kansas appeared to have nothing at all to interest tourists. However, some of its leaders hit on the idea of advertising its deep wells, claiming one of them to be 'the world's largest hand-dug well.' One hundred thousand tourists see it every year. "Merely by selling curios at the well site, the community has been able to finance a 1,900-square foot new Chamber of Commerce building."

Damascus, Syria, is surrounded by fertile and heavily populated oasis.

Escanaba Woman's Club Planning Observance of Golden Jubilee

Luncheon May 20 Will Highlight Celebration

Escanaba Woman's Club, one of the area's most important organizations, will celebrate its 50th year of service to the community at a Golden Jubilee observance Wednesday, May 20, at the House of Ludington.

The "Trust With Remembrance" will feature a luncheon at 12:45 p.m. which will be attended by Michigan State and Upper Peninsula Federation officers, charter members and past presidents, as guests of honor. Bridge and other games of the player's choice will follow the luncheon.

Six charter members will act on the reception committee, Mesdames Roy H. Banks, George M. Mashek, Arthur H. Ryall, Gideon R. Stegath, and William L. Kennedy and Miss Josephine Ryan.

Also greeting the members will be the Past Presidents, Mesdames L. P. Treiber, William P. Schuldes, E. J. MacMartin and Walter H. Dickson.

General Chairmen

Mrs. James E. Degan and Mrs. William F. Shepeck are co-chairmen for the day.

They are being assisted by: Mrs. Walter F. Wickert, Mrs. Fred R. Hoyler, Mrs. Forrest Henslee and Mrs. Charles J. Byrns, who are in charge of prizes, decorations and the table for the Executive Board and the State and District officers; Mrs. K. F. Harrington, "Ladder of Achievement," anniversary cake; Mrs. E. G. Harkins Jr., score pads, place cards, and decorations assistance; Mrs. E. G. Bennett, Mrs. K. F. Harrington and Mrs. E. L. Pohl, in charge of tickets at the hotel, assisted by the club treasurer, Mrs. Verne M. Johnson and secretary, Mrs. Fred W. Schmitt.

Publicity is being handled by Mrs. Charles J. Byrns and Mrs. John O. Moberg.

Mrs. Pohl and her telephone committee, Mesdames Charles Hammar, D. S. Owens, Jean Worth, M. J. Tonkin, Arthur Kanrath, Carl W. Benzinger, Earl J. Brown, Norman Bergeron and Fred Fisher and Miss Marguerite Roberge, will contact all members, who have not, as yet, made a reservation for

the luncheon, which is limited to club members.

Presentation Of Pins

Mrs. M. H. Garrard Jr. will play background piano music, featuring songs from 1914 to 1964 and will accompany the singing of the Federation song.

Presentation of pins will be made by Mrs. Jean Cote, incumbent president, and Mrs. W. O. Brookes, incoming president.

Commemorating the occasion and in recognition of the valuable services rendered by all club members during the past 50 years, each table will be marked with a very attractive golden centerpiece which will be the prize for high score.

All reservations must be made by May 15 and no cancellations will be accepted after May 18.

Variety Show Was Success

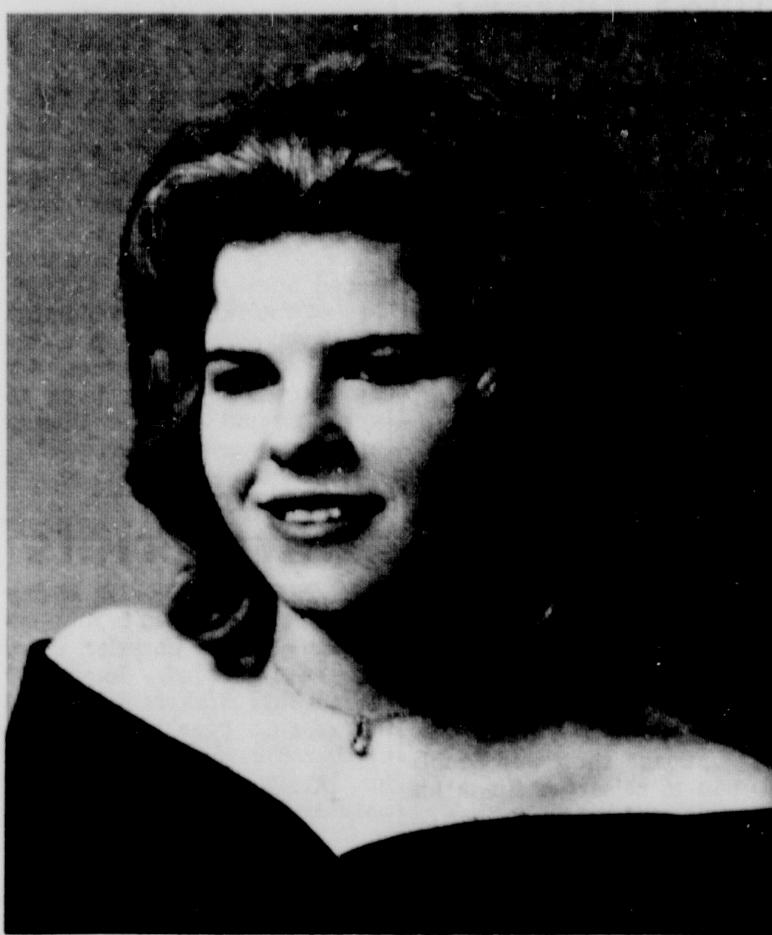

From the opening "do-se-do" of the Flat Rock 4-H Square Dancers to the last resounding note from the lively Nomads, the first St. Anne's Spring Variety show was a highly successful and pleasing evening.

A near capacity crowd at the William Bonifas Auditorium applauded generously as the Master of Ceremonies, Bob Barron interspersed his witty comments while moving the 21 act show in excellent fashion.

The show ranged from the hilarious pantomime acts, to precision vocal and instrumental arrangements. The 21 acts were performed by 122 entertainers, from practically all the area schools.

Personals

Mr. and Mrs. William LaValle, Escanaba Rte. 1, with their daughter, Bonnie, were in Milwaukee during the weekend to attend the christening of their first grandchild, Jeffrey Allen, son of Mr. and Mrs. Harry Krebs. Sponsors at the baptism rites were Bonnie and Richard Jemmings of Monroe, Wis.

THE ENGAGEMENT of their daughter, Judith Ann, to John Thomas Erickson is announced by Mr. and Mrs. William Cook Jr. of 118 1st Ave. S. The future bridegroom is a son of Mr. and Mrs. Ray Erickson, Escanaba Rte. 1. A June 6 wedding is being planned. (Preston's Studio)

Mother And Daughter Program Wednesday

The annual Mother-Daughter program, sponsored by the Lutheran Church Women of Christ the King Lutheran Church, will take place Wednesday, May 6, at 7:45 p.m. in the church.

Grandmothers, mothers and daughters of the congregation are invited to attend.

The program, "Along a Garden Path," will have Mrs. Stephen Cauri of Kenya, Africa, guest of United Church Women in Escanaba, as speaker. Her topic will be "Home Life in Africa."

"Opening the Garden Gate," Mrs. Carl Wedell will play the organ prelude, devotions will be led by Mrs. Worthley Magnuson and the Sunday School choir will sing "Glorious Giver We Praise Thee" and "Bless This House."

The numbers following Mrs. Cauri's talk will be a solo, "A Mother's Task," by Denise Schaefer, "My God and I" by the Senior Choir and "Crystal Gazing Into Our Own Garden" by Miss Vendela Sundquist.

Lunch will be served in the church parlors. Hostesses are Mesdames Clarence Anderson, Audrey Anderson, Shirley Anderson, Andy Anderson, John Alm and Harold Wilson and Miss Vendela Sundquist.

Nails For Flattery

By ALICIA HART

The length of a woman's fingernails is a gnawing problem. What pleases us girls runs the gamut from long blood-red claws to chewed-to-the-quick bits of nail.

Is there a happier medium? Yes. And manicurists explain that no matter what your hand shape, you can come close to the ideal hand — through illusion. The ideal hand has an almond-shaped nail and long, tapered fingers. But tendency of many busy women is to keep their nails at an unflattering length which calls attention to hand faults. The most flattering nail length is one-quarter inch, measured from the tip of the nail to the top of your finger.

Even if you consider your hands unattractively shaped, you can use your nails to

change their look. Shaping and tinting is the secret. If you do not like nail polish, buff your nails for luster, after proper shaping.

For prettier hands, keep narrow nails short and rounded. Otherwise, they will look claw-like.

Wide, almost circular, nails look best when filed to an oval shape. Use a light, perhaps pearl, polish which gives the nail a rounded look.

Bright shades make wide fingers look more blunt. If your fingernails are extreme ovals, paint down the middle of the nail and leave the edges clear of polish.

Square fingers with square nails need lightening. Keep nails short, filed in an oval. Use a light pink or light apricot shade to create softness and roundness.

Gnawing problem for millions of women is what to do with their nails. First, don't bite them. Second, cut and file to a flattering shape and length.

Mental Health Cases Growing

MARQUETTE — Although only \$5,600 is being contributed annually by from 11 or less counties in the region, the Upper Peninsula Adult Mental Health Clinic is saving all counties many thousands of dollars every year, U. P. supervisors were told Saturday.

Dr. David Wall, clinic director, and Homer Hilton Jr., chairman of the clinic's finance committee, both stressed that the mental health facility is attempting to give as much service as possible to avoid long-term hospitalization.

They noted that each patient is a "potential liability" if sent to a state institution — that the cost in such cases would have to be borne by the county from which the patient comes.

Based on the rate for the first few months of the year, Hilton said that the clinic expects 500 new patients, who would receive at least 3,000 interviews, in 1964. They will come from all parts of the U.P., he added.

Two Slightly Hurt In Traffic Mishaps In City

Two persons were injured, neither seriously, in traffic mishaps in Escanaba over the weekend.

Paul Bradford, 2, the son of Mr. and Mrs. Larry Bradford of 420 S. 9th St., ran into the street from behind a parked car and was knocked down by an auto driven by John T. O'Neal, 1112 Stephenson Ave. The accident occurred at 3rd Ave. S. and 10th St., at 10:21 a.m. Sunday.

Police took the child and Mrs. Bradford to St. Francis Hospital where the child was treated for a bruised ear and returned home.

Barbara Rose, 20, of 316 1st Ave. S., was hurt when the car in which she was a passenger, driven by Claude E. Rose, was involved in a collision in the 1600 block of Washington Ave., at 10:44 p.m. Sunday.

The other car was driven by Richard Lee Wagner, 322 N. 21st St., who was ticketed for making an improper turn.

Nancy Marie LaFave, 415 S. 9th St., escaped injury when the car she was driving went out of control and struck a pole and mail boxes in the 600 block, N. 21st St., at 1:30 a.m. today.

Boy, 15, Saved In Niagara Fall

NIAGARA FALLS, Ont. (AP)—A teen-aged boy was pulled from the Niagara River gorge in a dramatic rescue after he lost his footing and fell and rolled halfway down a sheer rock wall of the 200-foot-deep chasm.

George Lawrence, 15, of Niagara Falls, Ont., was walking near the top of the gorge Sunday when "he just disappeared," said a companion, Ken Goodman, 15, also of Niagara Falls.

The trees kept the youth from rolling another 100 feet into the river's treacherous whirlpool rapids.

Firemen extended a fire truck ladder over the edge of the gorge and used the last rung as a support for a rope to lower five rescuers, one at a time, into the chasm.

A basket was lowered on the rope. Lawrence was strapped into the basket and hauled out by firemen at the top. The five rescuers were pulled out the same way, one at a time.

Lawrence underwent emergency abdominal surgery. His condition was listed as satisfactory.

Time Magazine Ordered To Close Moscow Office

MOSCOW (AP)—The Soviet government today ordered Time magazine to close its office here and told its correspondent to leave the country in the next few days.

The government charged: "The editorial board of Time magazine is striving to poison the atmosphere in relations between the U.S.S.R. and the U.S.A."

Postmasters End Session

Postmasters and supervisors of Upper Peninsula communities today concluded a two-day management training session at which they heard Donald L. Swanson, Chicago, regional director of the Post Office Department, at today's luncheon at the House of Ludington.

About 130 persons met for discussion of a variety of problems related to the operation of the post offices and the handling of mail.

Escanaba Postmaster James Pryal opened today's general session in the State Office Building. He welcomed the postal employees and expressed the hope they will return to Escanaba for their training school again next year.

Swanson discussed the Post Department's operations under the federal economy program. He described the training meeting that closed this afternoon as most helpful, and at the opening session clarified for the postmasters one problem:

"You can sell money orders on Saturday if the sales do not require the hiring of additional help," he said. "Otherwise you cannot sell on Saturday."

Regional heads of the several sections of the Postal Department participated in the training group sessions and discussions, including Frank Sulewski, assistant regional director, who discussed public relations and information programs.

Teachers Attend Meeting Of Delta Kappa Gamma

Delta Chapter of Delta Kappa Gamma Society held a meeting at the Douglas House in Houghton on Saturday.

Thirty-five members from the Copper Country, Marquette, Menominee, Iron Mountain, Manistique and Escanaba were in attendance. Initiation services and a business meeting in the forenoon were followed by a noon luncheon. Members made plans for a Regional meeting to be held in Marquette in October and voted to continue their support of Trinidad Herrera, an Indian high school student in Cochiti, New Mexico.

Highlight of the afternoon program was a travel talk by Dr. Arthur Hill, director of music at Suomi College in Hancock. Slides were shown of the College Choir on their tour of Finland and other European countries in 1963. The program was followed by the installation of new officers for 1964-66. Miss Dexa Weddle, of Marquette, will represent the Chapter at the state convention in Dearborn on May 22-24.

Escanaba teachers attending the meeting were Anona Anderson, Esther Carlson, Eva Flemstrom, Ruth Hebbard, Catherine Locke and Mary Girard.

Hatcher To Speak To NMU Grads

Dr. Harlan Hatcher, president of the University of Michigan, will deliver the commencement address to the largest graduating class in the history of Northern Michigan University during commencement ceremonies June 7.

The class includes 300 baccalaureate degree candidates and 29 candidates for the Master of Arts degree.

Northern also will confer four honorary degrees and distinguished alumni awards during the ceremonies which will be held in the University's Physical Education Building.

for a preferential poll Saturday. His total was about three times that of the rest of the field, which included most of these mentioned for the nomination. Henry Cabot Lodge, whose name was not on the ballot, was a distant second.

The popularity poll, not binding on the 56 Texas GOP delegates to be chosen next month, was held in conjunction with primaries for state and national offices in both parties.

Gov. John M. Connally and Sen. Ralph W. Yarborough won Democratic nominations in their bids for new terms. George Bush and Jack Cox led in the GOP Senate primary and will fight it out in a runoff election June 6.

In other weekend activity, Goldwater picked up eight more delegates in Georgia, Missouri and Tennessee. Maine Republicans pledged their 14 first-ballot votes to Sen. Margaret Chase Smith, a favorite daughter.

ROMNEY GETS VOTES

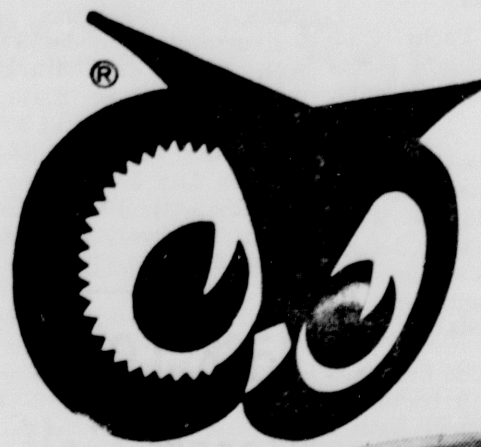

DALLAS (AP)—Gov. George M. Romney of Michigan, who lists himself among non-candidates for the Republican nomination for president, picked up 150 write-in votes in the Texas GOP primary Saturday.

There is a chance he may pick up more. He got his 150 in returns from 254 of 254 counties, 188 of them complete. Counting was to be resumed today.

Romney was at the tail-end of the write-in brigade. Gov. William Scranton of Pennsylvania, who also lists himself as a non-candidate, had 516. Henry Cabot Lodge, ambassador to Viet Nam, got 11,222 write-ins.

Car Hits Bridge At Days River; Two Hospitalized

One driver was ticketed in an accident Sunday and another accident is still being investigated by State Police. Two persons were hospitalized as a result of the second mishap.

Richard Rowe, 43, of Ishpeming, was ticketed for failure to yield the right of way when he struck a vehicle driven by Andrew Burnette, 63, of Rapid River. The incident happened at 5:45 p.m. Sunday on County Road 12 at the intersection of US-2.

According to State Police, Rowe was backing away from the curb and hit the Burnette car that was making a left turn off of US-2. No one was injured and damages to the cars was minor.

Charles L. DeLand, 70, of Charlotte, Mich., and a passenger in his car, Dona Force, 48, of Pottsville are reported in satisfactory condition in St. Francis Hospital today following an accident that happened at 1:35 p.m. Sunday on the Days River Bridge on US-2.

DeLand was headed north on US-2, traveling at excessive speed, when a vehicle in front signaled for a left turn. DeLand applied his brakes and skidded into the bridge abutment.

Considerable damage was done to the car and he and Donna Force received lacerations.

Buckeye Vaultier Reaches 16 Feet

EAST LANSING (AP)—The Big Ten now has a 16-foot pole vaultier—Bob Neutzling of Ohio State.

Neutzling vaulted 16 feet 1/4 inch in a dual track meet against Michigan State Saturday, cracking the 13-year-old conference record of 15-13 1/2 set by Don Laz of Illinois.

MSU won 10 of 13 other events however, and won the meet, 81-51.

Jack Loves Desert Golf

LAS VEGAS, Nev. (AP)—Golf star Jack Nicklaus is no sheik but he must love the desert.

Nicklaus, heading today with his fellow pros to the \$75,000 Colonial Invitational at Fort Worth, has extracted \$38,000 in one year from Las Vegas tournaments.

He scored his second straight victory Sunday in the \$65,000 Tournament of Champions. It was worth \$12,000. His 1993 triumph brought \$13,000, and last fall his first place in the Sahara Invitational earned \$13,000.

Nicklaus' victory Sunday was no walk in as it was a year ago. "The way I finished, some one else should have won the tournament," said Jack. He referred to his last round 73 for a 72-hole score of 279, which was six more shots than he required in the 1963 event.

Nicklaus closed out the affair in romantic fashion, however. Needing only a par 4 on the 18th green to win, he sank a 42-foot putt for a birdie and a winning margin of two strokes.

Tied for second were Al Geiberger, who could well have won the tourney, and Doug Sanders. Each got \$6,000.

U.S. Open Champion Julius Boros, Chi Chi Rodriguez, Tommy Jacobs, Don Fairfield and Paul Harney tied at 282, and Arnold Palmer, with pairs of 72s and 70s, finished with 284.

Nicklaus started out three strokes in front of the field. At one point he was five shots ahead.

Money winners in the \$65,000 Tournament of Champions included:

Jack Nicklaus, \$12,000	68-73-65-73—279
Al Geiberger, \$6,000	70-75-67-69—281
Doug Sanders, \$6,000	71-73-71-66—281
Don Fairfield, \$3,020	72-72-67-71—282
Chi Chi Rodriguez, \$3,020	69-70-70-73—282
Julius Boros, \$3,020	72-76-66-68—282
Tommy Jacobs, \$3,020	70-75-68-69—282
Paul Harney, \$3,020	72-72-70-69—282
Arnold Palmer, \$1,850	72-72-70-70—284

Women Cagers Win On Rally

LIMA, Peru (AP)—The U.S. team, led by Betty Searles and Cindy Wignington, was assured of at least a fourth place finish in the women's world basketball tournament Sunday night, by rallying for a 50-46 victory over Yugoslavia.

The Americans, who have lost two games in the final round robin tourney, trailed most of the way against Yugoslavia, including a 22-16 deficit at intermission.

Knicks Get First Choice

NEW YORK (AP)—This is one of those, oh so rare days when the New York Knicks are first.

First, that is, at getting their pick of the cream of the crop of the nation's college senior basketball players in the National Basketball Association's annual draft meeting.

Under the NBA rules the draft is conducted in the reverse order of the final standings, which means the first shall be last. And by the last being first, the Knicks get first choice.

Following in order will be Detroit, Baltimore, Philadelphia, St. Louis, Los Angeles, San Francisco, Cincinnati with the champion Boston Celtics last.

The Knicks, desperately needing a big man, are expected to go for either Jim (Bad News) Barnes, Texas Western; Lucious Jackson, Pan American College; or Willis Reed, Grambling, as their first choice. All are in the 6-8 to 6-10 range, with Reed the tallest.

BATTING — Carl Yastrzemski, Boston, drove in six runs, four of them on his first major league grand slam homer, in leading the Red Sox to an 11-7 victory over Detroit.

PITCHING — Hank Fischer, Milwaukee, shut out National League-leading Philadelphia 1-0 on two singles as he gained his third straight complete game victory.

Wolverines Use Heavy Hitting To Keep Pace

By The Associated Press
Michigan kept the Big Ten baseball lead with heavy hitting and Michigan State stayed right behind in second with stingy pitching over the weekend. Both won doubleheaders.

Michigan rapped out 21 hits in bombing Illinois 14-1 and 11-3 Saturday and boosting its conference record to 6-0. MSU climbed to a 5-1 mark with 5-4 and 3-0 victories over Purdue.

The Spartans' Doug Miller rescued the first game with a two-hit relief pitching performance over the last seven innings. Bill Collins held Purdue to two

Sports In Brief

BURNEYVILLE, Okla.—Pete Brown came in with a 70 final round and a 72-hole total of 280 for the title in the \$20,000 Waco Turner Open Tournament.

ALEXANDRIA, La.—Mickey Wright broke a four-way tie with a 67 final round and won the Clifford Ann Creed Invitational Golf Tourney with a 214 total for 54 holes.

PINEHURST, N.C.—Dale Morey beat Billy Joe Patton 3 and 2 in the finals of the North and South Amateur Golf Tourney, breaking Patton's 19-match winning string.

BELOIT, Wis.—Dyrol Burleson, Oregon, won the Beloit College Relays mile run in 4:01.5.

MINNEAPOLIS (AP)—Kay Holloway of Caro, Mich., moved into second place Sunday in the Division II all-events of the Women's International Bowling Congress Tournament. Miss Holloway has 1,652 total pins to 1,781 for leader Florence Wietzel of Odebolt, Iowa.

The New York Yankees have finished in the American League's first division every year since 1925.

Kentucky Derby Winner Heading For Preakness

LOUISVILLE, Ky. (AP)—Kentucky Derby winner Northern Dancer is heading for Baltimore and the May 16 running of the Preakness, second leg on racing's Triple Crown, but trainer Horatio Luro has a ho-hum attitude about it all.

"It doesn't mean much to win the Triple Crown anymore," the Argentine said today. "When these three were the only races, it was different, but now there are dozens of big races for 3-year-olds."

The fact, remains, however, that the sweep of the Derby, Preakness and Belmont stakes hasn't been accomplished since Citation in 1948 and is generally considered the biggest prize in thoroughbred racing.

Northern Dancer, of course, off his narrow triumph over the favored Hill Rise in Saturday's 90th running of the Derby, America's most prestigious race, is the only eligible. The short-striding little colt is the first Canadian-bred ever to win the Derby.

Luro, incidentally, gives full credit to jockey Bill Hartack's ability to get the most out of The Dancer's talents as the difference in the neck victory, completed in Derby and track record time.

"The horse is 75 per cent and the jockey 25 per cent," Luro said. "If they both give their best, you win most of the time. Willie Shoemaker, who rode Hill Rise, offered no excuse for

his horse, who was trying to catch the winner in the final sixteenth of a mile. Early in April, Shoemaker decided not to ride Northern Dancer in the Derby, saying he thought Hill Rise was a much better horse.

"Shoemaker rode a perfect race too," Luro said. "But somebody has to run second."

Northern Dancer finished in two minutes flat—two-fifths of a second better than the record set two years ago by El Peco's

Decidedly, also trained by Luro and ridden by Hartack.

Northern Dancer, who took the lead in the \$156,800 Derby as the field of 12 made the stretch turn, covered the last quarter of a mile in 24 seconds, tying a record set in 1941 by Whirlaway.

Following the top three, in order, were Roman Brother, Quadrangle, Mr. Brick and Mr. Moonlight. They will head for New York within a day or so

and await decisions by their trainers on entering the 1 3-16 mile Preakness.

The victory was Hartack's fourth in the Derby—something almost unbelievable when one considers that he's only had six mounts in the classic and none has been favored.

Northern Dancer's victory, his sixth straight, was worth \$114,300 to owner E. P. Taylor of Toronto and gave the son of Nearctic-Natalma a record of 13 victories, two seconds and one third in 16 starts.

About 40 minutes before Northern Dancer's victory, the 1963 Kentucky Derby winner, Chateaugay, disappointed at Aqueduct in his first start as a 4-year-old.

Chateaugay finished eighth in a field of 11 in the seven-furlong \$57,700 Carter Handicap won by Ashy, under top weight of 133 pounds.

Experts Rapped By Luke Appling

WASHINGTON — (NEA) — Luke Appling came up with the greatest explanation you'll ever hear for the shortage of good new baseball players that some — particularly old-timers — insist exists.

"Efficiency experts," he said. "I know they pretty well ruined things in my part of the South."

The balding, drawly inductee to the Baseball Hall of Fame and coach of the Kansas City Athletics was born in High Point, N.C., and raised in Georgia.

"When I was growing up," he said, "the textile mills all had good teams which fed a large percentage of the players into the major leagues. Then along came those clock watchers and step-counters who persuaded management that it wasn't efficient to hire boys just because they could play ball."

★ ★ ★
The man who had a .310 batting average in his 20 years with the Chicago White Sox said he thought maybe the attitude of youngsters had changed since his callow days, possibly because the efficiency experts had abolished the chance of making a living by playing ball as a sideline. He gave an example.

"I live in Sandy Springs, a suburb of Atlanta," he said. "The other day I was walking past a street corner where two kids were hanging out. Somebody came along and asked them if they wanted to get in to a game they were getting up. 'Okay, if somebody sends a car for us,' the kids answered."

★ ★ ★

Appling, who played short-

Luke Appling

stop from 1930 through 1950, was never in a World Series.

"I dunno what kind of thrill I missed in that," he said, "but if it was any greater than being elected to the Hall of Fame, I couldn't have stood it."

His telephone was so busy after the announcement he had joined the immortals that neighbors had to congratulate him by telegram.

"I was so excited," he said, "I couldn't eat for a day and a half."

Maybe that's what the old-timers mean by a "hungry" ballplayer.

Three members of the Drewrys team in the Tuesday Early Bird bowling league got stuck in the same rut and came up with identical 376 series . . . Hitting that figure were Marie Pettin, Esther Carlson and Bernice Roy . . . The spoilers were Mary Kutches with a 410 and Alice Jones with a 504.

In his second Upper Peninsula half mile effort this spring, Munising's Rene Harger stepped the distance in 2:07.1, the best turned in this season . . . Harger was under two minutes in the Mansfield Relays early in the season and set the Upper Peninsula record of 2:01.1 last year . . . Harger also anchored the Mustang mile relay team to a 3:48.2 clocking, best in a dual meet with Marquette, won by the Redmen 94-15 . . . Bob Pearson's 22.2 clocking in the low hurdles was Marquette's top individual performance.

The Northern Michigan University spring football drills will be climaxed by an intrasquad game Saturday night, May 9, at 7:30 at Memorial Field . . . Coach Frosty Ferzacca is seeking to find replacements for three ends, three tackles, two guards and a center lost through graduation from last year's squad.

Pickford's Roger Hower turned in a pair of sensational times in the hurdles while pacing the Panthers to their third straight Central University Relays championship last week . . . He stepped the highs in 15.7, well under the 16.0 U. P. Class D record . . . He skinned the lows in the 20.9, almost a full second under the U. P. Class D record of 21.8.

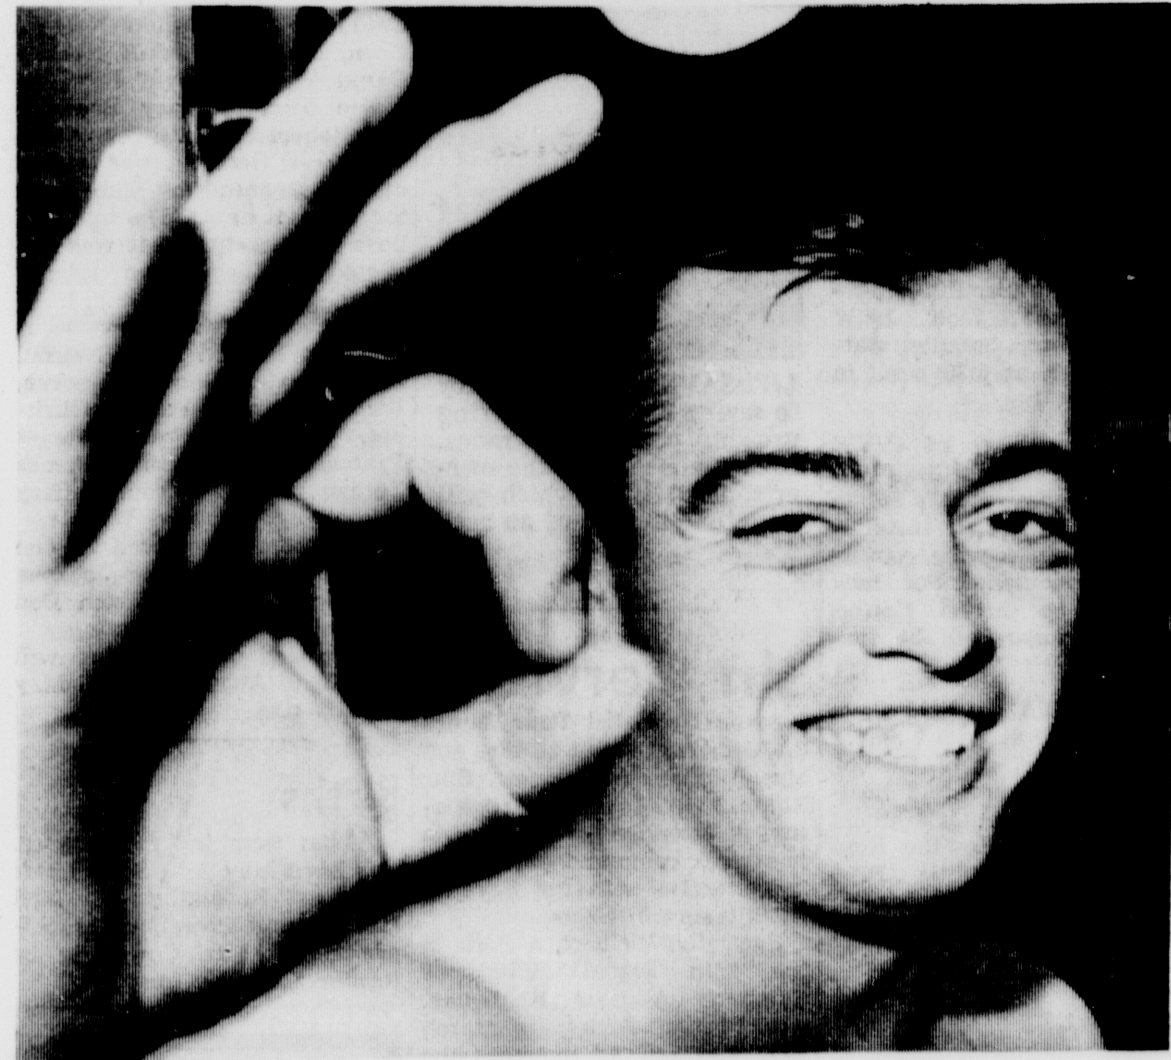

Jim Edberg picked up his second straight mound victory for the Felch Foresters by defeating Hermansville 6-1 in a Big Eight Conference contest . . . Edberg scattered five hits, fanned 14 batsmen and issued three walks . . . Dennis McClure suffered the mound setback, allowing seven hits, fanning a dozen batsmen and walking six.

Dick Wagner, commissioner of the Michigan Baseball league, announced this week that nine teams will compete in the circuit this summer . . . The league will open action Sunday, May 17, with Stephenson, Wallace, Daggett, Birch Creek, Peshigo, McAllister, Beaver, Pembine and Erdmann's of Walsh competing . . . Mike Strohl of Stephenson is drawing up the season schedule.

A field of 2,000 keggers will compete in the 1966 Kiwanis Upper Michigan-Wisconsin bowling tournament which has been awarded to Marquette . . . The tourney will be spread over three weekends.

Gary Gehlhoof, formerly of Stambaugh, recently set a new high school pole vault record in Pueblo, Colo. . . . Gehlhoof soared 13 feet 6 inches for the new record . . . That height matches the Michigan Class A record which was set last spring by Bill Lee of Flint Central.

Coach Gene Maki's Wakefield Cardinals, defending Upper Peninsula Class C-D champs, got off to an impressive start this season . . . They defeated Iron Mountain 6-2 and Menominee 4-2 in a pair of dual meets last weekend.

Move Over Spahn; Braves Have Star

By The Associated Press
Shove over Warren Spahn. You may not be the Milwaukee Braves' only pitcher after all. Perched in third place in the National League standings, Manager Bobby Bragan's club today can look back on three complete game pitching victories in the last four starts. Sunday's 1-0 two-hit masterpiece by Hank Fischer against the Phillies followed Bob Sadowski's five-hitter against Philadelphia and Tony Cloninger's one-hitter against the Pirates.

The only loss in the four game stretch was charged to a 43-year-old southpaw on the staff

of youngsters. Fellow named Spahn. Fischer, sprung from the bullpen, turned in his third straight route-going performance, retiring the last 16 batters he faced. The 24-year-old right-hander also produced the only run of the game in the second inning. The shutout lowered Fischer's ERA to a flashy 1.93, best on the Braves' staff. "His best pitch was control," said catcher Ed Bailey. "He was hitting his spots and he made my job easy." Elsewhere in the National League, Pittsburgh came from behind to whip St. Louis 12-8; San Francisco topped Los Angeles 6-3; Houston beat Chicago 5-3 and Cincinnati swept a doubleheader from the New York Mets 6-5 and 6-3. In the American League, 12 home runs rocketed out of Municipal Stadium as Kansas City swept a twinbill from Minnesota 7-4 and 8-7; Chicago and Los Angeles split with the White Sox taking the opener 3-2 and the nightcap 6-2; Boston outlasted Detroit 11-7; Baltimore and Cleveland divided two with the

Eight New Records Set In Newberry Track Meet

NEWBERRY — Eight new meet records were set, two were tied and the Marquette Redmen overpowered the field in the fifth annual Newberry Invitational track and field meet here Saturday.

Individual performances were outstanding in almost every event in spite of adverse weather conditions.

Coach Bill Hart's Marquette Redmen piled up 70½ points to capture team honors in the six-school meet. Closest challenger was Sault Ste. Marie with 48½.

The Redmen ran off with six first places and scored points in all 13 events. Bob Pearson was a double winner for Marquette in the hurdles.

John Hendrickson, Newberry's premier quarter miler, ran a sensational race to set one of the eight new meet records. The 6 foot 6 inch speed demon stepped the 440 yard dash in 51.8 seconds, wiping out his own record of 54 seconds flat set last season. Hendrickson's Upper Peninsula Class A-B record for the event is 53.1.

Dan Schram of Gladstone set a record and tied another to lead Coach Jim Hirn's team to 30½ points, good for third place.

Schram cruised the 100 yard dash in 10.2 seconds for a new meet record and hit the tape in the 220 yard dash in 23.4 seconds to equal the record set by Jim Cummings of Rudyard last year. Cummings also owned the 100 mark of 10.5. Schram's time in the century equals the Upper Peninsula Class A-B record owned by Tim Zhulkie of Ishpeming.

Holy Name Asks Membership In New Conference

Holy Name High School today requested consideration for membership in the proposed new high school athletic conference which is being discussed in the area.

A meeting of representatives from schools at Escanaba, Menominee, Marinette, Iron Mountain and Kingsford is scheduled to be held in Escanaba this month to explore the possibility of forming a new conference.

The letter, written by Rev. Lawrence Gauthier, Holy Name superintendent, follows:

This letter serves as a request by Holy Name High School for consideration of admittance to the proposed new Athletic Conference. We understand that a meeting regarding this league is to be held in May and request that we be allowed to send a representative to speak on the school's behalf at that meeting, or at any time that will be scheduled in the future.

As is generally known, Holy Name has attempted to gain admittance into an organized league since its establishment in 1954 — without success. League affiliation, of course, tends to ease the burdens of scheduling, travel, etc., all too common to administrators, and naturally causes a more competitive atmosphere among athletes.

The conference under discussion presently would certainly be a fine one as it would bring

together closely matched athletic teams that have proven their prowess through the years. We feel that our teams at Holy Name have proven themselves able opponents and therefore, on the basis of past performances, would not be out of place in the new line-up of schools.

Holy Name where enrollment has been consistent between 600 and 625 students would be ready and willing to submit to league requests in the inauguration of competitive wrestling and other sporting activities if this is desired. At the present, we participate interscholastically in Football, Basketball, Track, Tennis and Golf.

Although this is an Athletic Conference in the planning stages, we realize that there may be misconceptions about the general procedures or practices of a Parochial school, and that these misconceptions might be of influence in the decisions made. Certainly a letter could not serve to communicate all the facts, but we would be thankful for an opportunity to answer all questions at an open meeting of the member schools. This would solve many problems, we believe, and leave as its result the important fact that the school has a well rounded athletic program to offer.

May we thank you sincerely at this time for your consideration.

Prep Records Fall In Meet

MOUNT PLEASANT (AP) — Birmingham Seaholm, a Class A co-champion in 1963, holds the title all alone this year after scoring in 10 of 16 events Saturday in the 24th annual Central Michigan Relays.

Battle Creek St. Philip held off a series of challenges by Portland and Flint Holy Redeemer and took home the Class C title.

Class B champion River Rouge and Class D king Pickford won their titles in Friday's events.

Records fell in 11 of the 32 events Saturday. Among the casualties was the oldest Class C mark—52 feet 8 inches in the 12-pound shot put. Cheboygan Catholic Central's Lou Fournier smashed that with a 53-9½ toss.

Seaholm chopped nearly 11 seconds from the middle distance relay record with a 5:44.2 clocking. Detroit Thurston set the old record of 5:55 in 1962.

Seaholm piled up 62 points to 54 for Lansing Sexton and 50 for Flint Central.

The Class C race was tighter. St. Philip scored 39 points by winning the final event, while Portland scored 34 and Holy Redeemer 30.

Little League To Try Again

Following a "lost weekend" due to inclement weather, the Escanaba Jaycee Little League will pick up the pieces and try to complete their tryouts on schedule by running a double shift at the Little League Field and Royce Park this week.

Tonight, all nine year olds will report to the Little League Field at 6:15. Tryouts will be directed by John Chylek, Rotary manager. At Royce Park tonight, Pete Ross, skipper of Kiwanis team, will process the eleven year olds who have not completed their running, throwing, fielding and batting tests.

The Tuesday night schedule will include a big shift of ten year olds at the Little League Field under the direction of Bob Jensen of the Escanaba Bankers. Twelve year olds will report to Don Ohman, VFW manager at Royce Park.

Registration of candidates for the 1964 season closes at 5:30 Tuesday at Club 314.

Aguirre Picked To Face Yanks; Ford To Be Foe

NEW YORK (AP) — The Detroit Tigers plan to enjoy themselves today.

Sunday proved a miserable day, and Tuesday isn't exactly promising.

The Tigers are going to take in the World's Fair today, Sunday the Boston Red Sox clobbered them 11-7, and Tuesday they take on Whitey Ford and the New York Yankees.

Manager Charlie Dressen has picked Hank Aguirre, who holds an 8-6 lifetime mark over the Yanks, to pitch against Ford.

The unusual one-game stand ends Detroit's first road swing of the season. The Tigers return for a Wednesday night encounter with Boston that opens a 13-game home stand.

The Red Sox battered five Detroit pitchers for 15 hits Sunday at Boston. Carl Yastremski's grand slam homer capped a six-run fifth inning rally that iced the 11-7 game.

A two-run double by rookie pinch-hitter Dalton Jones drove in the other two runs which wiped out a 7-5 Tiger lead.

With the score tied 5-5 going into the fifth, Detroit scored two runs on Don Demeter's two-bagger, Al Kaline's triple and a double by Norm Cash.

The rally ended when Cash and Willie Horton were caught in successive rundowns between second and third.

Cash was nabbed on Horton's grounder to second baseman Chuck Schilling. On the next play, Bill Freehan singled to center, and rookie Tony Conig-

lio fired the ball behind Horton, who was trapped off the second.

Sarnowski Snaps Shot Put Record Made Last Week

MENOMINEE — Big Bill Sarnowski, Escanaba's outstanding junior weightman, rewrote his own school record in the shot put here Saturday as the Eskymos took team honors in a triangular meet with Menominee and Stephenson.

Sarnowski, who set the school record with a prodigious toss of 47 feet 11 inches last week in a dual meet against Marquette, fired the iron ball 48 feet 10¾ inches here Saturday for the outstanding individual performance of the afternoon.

Saturday's wet, sloppy weather held performances under par in most events.

The Eskymos swept the shot put with Jim Hansen, Dale Helms and Steve Johnson finishing in that order behind Sarnowski.

The Eskymos took six firsts without a double winner.

Wally Schultz copped the high hurdles. Gary LeClaire the half mile, Tom Bjorkquist the low hurdles, Pete Bertrand the 220 dash and both Esky relay teams came home first. Chuck Brookes, Bertrand, Bjorkquist and Schultz ran on the 880 quartet and Gary Vandeville, Dave Boileau, Erv Vandeville and Joe Vogel on the mile unit.

Summary:
880 relay — Escanaba, Menominee. 3:41.1. New record.

Twelve Homeruns Belted In Kansas City Stadium

By The Associated Press
What hath Charles Finley wrought?

When the incendiary owner of the Kansas City Athletics declared war on the American League, even he couldn't have envisioned the devastating effect his strategy would have on Kansas City's Municipal Stadium.

Twelve homers were hit Sunday as the Athletics swept a doubleheader from Minnesota 7-4 and 8-7. That output increased to 24 the number of homers hit in the four-game series between the teams.

The Twins connected for seven Sunday and 15 altogether while Kansas City pounded out five in the doubleheader and nine in the series.

Home runs are being hit at Municipal Stadium at more than twice the rate they were hit last season.

Of course, Finley's tactics have helped. He acquired home run sluggers Rocky Colavito and Jim Gentile during the winter and more recently constructed the Pennant Porch and shortened the fences generally.

Colavito leads the league with six home runs while Gentile is tied for second with five. The closer fences have resulted in eight homers—six by the A's.

Finley may not win the war or the pennant, but he may beat the stadium into submission.

Elsewhere in the American League, there were three doubleheader splits. New York blanked Washington 4-0, then lost 6-5; Baltimore stoppedleveland 5-2, then was shut out 3-0 and Chicago nipped Los Angeles 3-2, then dropped a 6-2 decision. Boston whipped Detroit 11-7 in the only single game.

In National League action, San Francisco defeated Los Angeles 6-3, Pittsburgh outlasted St. Louis 12-8, Milwaukee edged Philadelphia 1-p, Houston beat Chicago 5-3 and Cincinnati swept a doubleheader from New York 6-5 and 6-3.

Despite the home run attack, it took four walks in the ninth inning to win the nightcap for the Athletics. The Twins' Bill Pleis issued all of the passes, the last to George Alusik which forced in Nelson Mathews with the winning run.

Carl Yastrzemski joined the long ball parade with a grand slam homer that climaxed a run rally in the fifth inning and powered Boston past Detroit.

Dave Nicholson's three-run homer gave the White Sox their fifth straight triumph in the first game, but sterling relief pitching by Dean Chance helped the Angels halt the streak in the second.

Rookie leftfielder Tommy John stopped Baltimore with a three-hitter in the second game of their doubleheader.

Washington barely fought off a ninth-inning rally in which the Yankees scored three times, cutting the Senators' margin from 8-2.

Great Britain Begins Defense Of Davis Cup

By The Associated Press

Great Britain, 1963 European Zone Davis Cup tennis winner and 1964 favorite, meets hapless Ireland in the second round this week. The series will be played at Eastbourne, England, Thursday, Friday and Saturday.

Britain completed its first round chores Saturday, beating Austria 5-0. Ireland had to go all the way and get some help from the weather Sunday to defeat Switzerland 3-2. Wind and rain which interrupted play a couple of times at Dublin didn't bother Ireland's Peter Jackson and Derek Arthurs as much as it did their opponents.

Italy, Germany and France, other European Zone favorites, scored impressive victories while Spain and Holland turned in a couple of surprises.

Italy dropped a singles match to Egypt at Bari after clinching the decision and won 4-1. Germany swept five matches from Belgium, using second-string players in the last two singles. France made it 5-0 over Bulgaria.

Argentina and Denmark also came through the first round without losing a match, against Turkey and Finland, respectively.

Spain, with Manuel Santana in the leading role, took the last two singles matches to eliminate Brazil 4-1. Russia got past Morocco the same way and by the same margin. Holland, which hadn't reached the second round in years, turned back Hungary 3-2.

Other weekend matches saw Norway defeat Portugal 4-1 and Rhodesia defeat Israel 4-1.

Earlier Yugoslavia and Sweden had scored first round victories and South Africa and Czechoslovakia had reached the second round by defaults.

After the Britain-Ireland match, the major second round encounters appear to be Germany vs. Russia and Italy vs. Rhodesia. Tether pairings are Argentina vs. Yugoslavia, South Africa vs. Norway, France vs. Holland, Spain vs. Denmark, and Sweden vs. Czechoslovakia.

Only 5 Hoffa Jurors Picked

CHICAGO (AP) - The trial of Teamsters Union President James R. Hoffa on charges of fraud and conspiracy involving \$20 million of the Teamsters pension fund entered its second week today.

The first big hurdle—selection of a jury—still was far from cleared.

Almost 300 prospective jurors were questioned in the first week. Only four jurors were sworn in and a fifth tentatively was seated.

U. S. District Judge Richard B. Austin was prepared to call call up 200 more veniremen this week.

Hoffa and seven codefendants are charged with conspiring to fraudulently obtain \$20 million loans from the pension fund of which Hoffa is a trustee. The indictment further charges \$1 million of the loans was illegally diverted to their personal use.

Lined Shoes Add Snap to the Step

An inside look at male fashion is supplied by foulard-lined shoes. Black on black dress-up footwear does double duty for more casual wear. For rugged knock-around service pigskin continues in favor.

By JERRY SHEEHAN
Newspaper Enterprise Assn.

NEW YORK — (NEA) — How to be in style right down to the bottom of your feet? One major shoe firm thinks it has the answer with footwear lined on the inside with snappy designs.

Picture yourself striding down the boulevard, confident in the knowledge that the interior of your brogans matches the necktie you're wearing. That's elegance.

But there is more to the proposition than just style. The shoes are lined from the tip of the toe, over the instep and sides and around the heel with a soft foam cushion. Then the foam gets the high fashion treatment with a covering of printed nylon. There is a gray foulard lining for black shoes and a cinnamon one for brown.

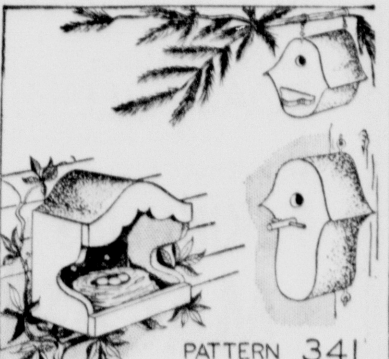

A spokesman for the firm (Thom McAn) has announced

happily that the lined shoes have received widespread acceptance within the first few weeks of their introduction.

Although there has been a steady trend toward brown shoes, men still prefer black, according to recent sales figures. A welcome addition to the black shoe picture comes with a "black on black" oxford (also by Thom McAn). Smooth grain leather is decorated with shrunken grain inserts on the sides. It makes a pleasing contrast. The dress shoe doubles for more casual moments.

And for really knocking around, there is still that old reliable, pigskin. This time it appears in a full range of colors with the most masculine-sounding names this side of a television western. To wit: Gunsmoke, hound dog, mesquite green, Spanish gold, sagebrush. Oh yes—they come in black and white, too.

Panel TV Show Has Brief Run

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—"Made in America," the CBS panel show that tried to substitute the sight of millionaires for an amusing game and big money prizes, tied Sunday night as it had lived—briefly and ingloriously.
Its demise after only four performances makes it runnerup for the shortest-lived show of the season. ABC's "100 Grand" early this season was hastily removed, after three performances—or was it two?
The spot in the network's Sunday night schedule has proved to be a sort of television Death Valley — "The Judy Garland Show" fought a losing struggle there earlier.
The network proposes to finish out the season with another hard-luck show called "Brenner," about a father and son who are cops. It was seen several seasons back and again in some reruns, but the episodes to be shown have never been broadcast before.
NBC's "Incident on Wilson

Street" Sunday night was an interesting effort to show sensitive, concerned teachers attempting to help fifth and sixth grade children living in a decaying Brooklyn neighborhood.
It was not entirely successful because sometimes the children and adults seemed a little self-conscious, but mostly because the kind of remedial work the teachers are doing is not dramatic and requires much time and patience.
While network radio is currently excited about discovering interviews and conversation instead of music and news, the lady who is generally credited with the first radio interview show celebrates her 30th anniversary in broadcasting today—with an hour interview show as usual.
Mary Margaret McBride, who retired from network radio several years ago, now lives happily on a mountainside in the Catskill Mountains overlooking a big lake and a white birch forest. She treats broadcasting as a beloved hobby, doing three sponsored programs a week — from her home.
The rarified air at the top of three-mile-high Mt. Killmanjaro can produce nausea and headaches, even among seasoned climbers.

CHILDREN MEET two of the dromedaries which are kept in an enclosure at the former Royal Horse Ranch of San Rossore, Italy, now a national park. The camels are repeating a previous experiment when dromedaries were imported from North Africa, multiplied and were used for hauling wood.

Camels Raised In Europe

PISA, Italy (AP)—Italy is making a so-far successful second try at raising desert sand camels on the lush farmlands of Europe.
Experts here believe that Spain is the only other European country ever to have succeeded in raising camels and putting them to use in farming or as beasts of burden.
The Italian experiment started almost a half century ago when dromedaries were imported from North Africa and turned loose on the 10,000-acre Royal Horse Ranch at San Rossore, near the west Italian coast just outside this city of the leaning tower.
The Italian kings used the estate for raising horses for the Royal bodyguard cavalry. Since the war the lands have become a national park, and are used for horticultural experiments and the raising of pheasants.
In prewar days the camels of San Rossore were used as work animals on the estate, and hauled wood. They multiplied over the years until there were 80 or more.
All were killed during the war.
In 1956 Italy decided to try the experiment again. The King of Libya made a gift of two dromedaries, Galante, a male, and Bellaria, a female.
The number has increased to five with the birth of Nadir, Belinda and Mustafa.
But they no longer run wild on the estate. At least until their numbers have increased further they are being coddled. They have a grazing pasture and stalls heaped with sand on which they can sleep.

Chickens Lose Their Lenses

TUCSON, Ariz. (AP)—Contact lenses are not for the birds.
Tucson chicken grower Wesley H. McCartney has reached this conclusion after trying them on 2,000 layers.
As far as he is concerned, the rose-colored glasses laid an egg.
The theory was that the lenses would curb cannibalism. By distorting the chicken's vision, the lenses would prevent it from knowing when another chicken was wounded.
But the chickens developed an eye infection. McCartney said it could have led to blindness.
He preferred cannibalism.
McCartney got the idea from Dr. Frank Rollins, extension poultry specialist at the University of Arizona, who told of experiments being tried in various parts of the nation.
The idea is good, growers agree.
In theory, the plastic eye covers can be installed when the chicks are eight weeks old and remain in place for the life of the bird.
McCartney has 90,000 layers. He figures he loses \$20,000 a year from birds being pecked and tromped to death.
Contact lenses for the whole flock would cost him only \$2,800. Putting the plastic covers in the chickens' eyes would cost another cent per bird.
Even if the lenses were only 50 per cent effective, McCartney figured he would save \$10,000, with an investment of only \$2,800.
In addition, there would be savings in the feed bill, energy requirements, stress, labor and egg breakage.
McCartney says that several good poultry workers quit because they couldn't stand the dust stirred up by the 90,000 flighty birds. The contact lenses, he hoped, would quiet the birds, eliminate the dust and keep everyone happy.
The birds did become quiet and made only a limited attempt to remove their specs.
They walked slowly and sedately, and didn't squawk all over the place when picked up.
De-beaking was unnecessary. Feed losses were reduced.
"Chickens have an inner eyelid which works crosswise," McCartney said. "It was this that became infected."
The cornea-type infection, he reports, is something like a cold.
To the bird, it was like having a patch over its eye. "The birds could have led to blindness," he said.
McCartney removed the 2,000 lenses. "Then I decided to take 1,000 birds and put the lens on one eye only," he said. "I hoped they could see well enough to eat and drink. But after a week we were getting a drop in egg production."
The Tucson grower still likes the ideas behind the use of chicken contacts, and hopes the problems can be solved. "The University of Arizona and some other institutions are going to do some basic research," he said.
